SARL NEWS depends on clubs and individuals for news of interest to radio amateurs. Please place your news items on the web site of the SARL, which is www.sarl.org.za/newsinbox.asp not later than the Thursday pre-ceding the bulletin date. It would be appreciated if you could do it in both Afrikaans and English, but please check any dates and telephone numbers before submitting your news item; the editor has found some grave mistakes in the past.

You are listening to ZS6SRL and the news follows in detail.

SARL AGM

The 2005 Annual General Meeting of the SARL will be held on Saturday, 9th April 2005 at the National Amateur Radio Centre in Johannesburg. The AGM notices and document are available on the SARL website at www.sarl.org.za for those who might not have received the mailed papers. On Saturday morning registration will start at 07:30 with the AGM commencing at 09:00. At 11:00 there will be a tea break and at 11:30 an informal meeting on amateur matters. At 13:00 refreshments will be available.

Tjerk Lammers, ZS6P, the League's Awards Manager wishes to invite you to the Awards braai next to the NARC this coming Friday evening at 19:00, preceding Saturday's AGM. This is not a formal and stiff event and the emphasis is on socialising. Dress is smart casual.

Multisource has donated an ICOM IC-V8, a 2 m handheld transceiver, to be raffled at the prize-giving, and all licensed amateurs present will be included in

the draw. Surely you cannot afford to miss this opportunity, as you could be the winner!

Please book with Vee Antal at the NARC. Tickets are only R65-00 per person and a cash bar will be available.

HAMNET VACANCY

A vacancy exists for one or possibly two Provincial Directors due to the resignation of Roy Martin, ZS6HH Gauteng North, and Sarel Rossouw ZS6APO, Gauteng south, requesting that he be relieved of his responsibilities due to pressure of work.

Due to the high density of population, Gauteng has always had two Directors. One based in the Johannesburg area and one based in Pretoria. The possibility exists that there may be one person who feels he can handle both areas, but failing that, I will welcome applicants to fill both the positions.

My criteria for this position are the following. A person who has been a member of Hamnet for at least 5 years, holds a ZS licence with CW capabilities, possibly retired and who is capable of working a station from home, from a vehicle and from a field station.

For more information, or if you wish to discuss the vacancy with me, please feel free to phone me at 011 679 5260 or 083 585 3847 or you can contact me via e-mail at zs6buu@uskonet.com

A COMPLAINT FROM A ZR ON HF

In what follows below a ZR licensee describes his experience on the HF bands which have recently become available to them: "As a newcomer to HF I have noticed that some operators don't use their call signs often enough and also the callsigns are said so quickly that you cannot make out even the first letter. As I am a person who has to wear two hearing aids it makes it even worse. When

one breaks into a conversation one gets maybe acknowledged but then you are forgotten as a breaker. No sufficient gaps are left between overs. As a beginner on HF I am really enjoying it but I would like to see the operators practicing proper radio etiquette. I also want to encourage other ZR's to come onto HF but they might be scared that ZS's will bite them. Go for it".

The SARL news editor trusts that this was an isolated, unfortunate incident. Let us all remember two items in the Radio Amateur's Code which read: "The radio amateur is CONSIDERATE, never knowingly operates in such a way as to lessen the pleasure of others. The radio amateur is FRIENDLY, slow and patient operating when requested; friendly advice and counsel to the beginner; kindly assistance, cooperation and consideration for the interest of others. These are the hallmarks of the amateur spirit".
